NAVY SEABEE FOUNDATION

2026 Twelve-Month Calendar

The mission of the Navy Seabee Foundation is to preserve and protect the history and legacy of the U.S. Navy Seabees and the U.S. Navy Civil Engineer Corps. We achieve this by granting scholarships to deserving family members of Seabees, CEC Officers, and those who served with the Naval Construction Force. Additionally, we support the U.S. Navy Seabee Museum as well as other monuments, memorials, and other heritage sites dedicated to the U.S. Navy Seabees. Our commitment extends to supporting the well-being of current and former members of the Navy Seabee and Civil Engineer Corps Community and their families.

THE NAVY SEABEE FOUNDATION IS ABOUT...

HISTORY & HERITAGE

Preserving our Seabee Legacy.

History - Navy Seabees, tracing their roots to World War II, are the legendary construction battalions of the United States Navy, established in 1942. Since then, they have served with distinction, building vital infrastructure and supporting military operations around the globe — embodying a proud legacy of “We Build, We Fight.”

U.S. Navy Seabee Museum - The Navy Seabee Foundation funded the construction of the Navy Seabee Museum in Port Hueneme, CA. The museum is one of nine museums under the Naval History and Heritage Command. Through captivating exhibits, rare artifacts, and interactive displays, visitors are invited to experience the storied history of the U.S. Navy Seabees. The museum’s rich collection and commitment to preserving naval history reflect the Seabee spirit of honor, courage, and service. Admission and parking are FREE. No reservations are required.

Other Museums and Heritage Sites - In addition to supporting the U.S. Navy Seabee Museum, the Navy Seabee Foundation has supported the Seabee Museum and Memorial Park in Rhode Island and the Seabee Heritage Center in Gulfport, Mississippi. Through exhibits, artifacts, and educational programs, these sites honor the Seabee legacy and showcase their invaluable contributions to military construction and engineering.

Memorials - Seabee memorials and monuments honor the courage and dedication of Seabees worldwide. The most prominent is the National Seabee Memorial at the entrance to Arlington National Cemetery. Our organization funded its creation over 50 years ago to ensure the Seabee story would be remembered for generations. Each year, the Foundation hosts wreath-laying ceremonies at the memorial on the Seabee Birthday, Memorial Day and Veterans Day to honor all who have served. A full list of Seabee monuments and memorials can be found on our website at seabee.org.
